

Research Reflections: Voices of Clinical Trial Participants

Tuesday, September 15, 7-8:30pm

[REGISTER HERE](#)

Join us for an informative conversation with people who have participated in PKD clinical research trials. Hear about their experiences, learn what it's really like to take part in a clinical trial, and gain insights from those who have been through it firsthand.

There will be an opportunity to ask the panel questions at the end of the webinar.
